**AUTOMOTIVE SUPPLY &
INVENTORY MANAGEMENT**

2021 CATALOG

YOUR INVENTORY MANAGEMENT & AUTO SUPPLY PARTNER FOR OVER 35 YEARS.

Since 1985, we've been a leader in the wholesale automotive supply business. Specializing in consumables and maintenance supply, we are your "one stop shop" to keep your automotive repair shop or quick service lube up and running with the parts you need. With our expert team of Sales and Support representatives, you know and trust like Purolator, Motorcraft, Lucas, TRICO, Rain-X, and more. You can rest assured that your business will have the support and parts it needs to get the job done.

SERVICE AND PEOPLE THAT SET THE STANDARD

If you live within our Service Area, our Service Providers deliver weekly or bi-weekly, and take the guesswork out of "Do I have that filter number?", as well as keep you updated and supplied with the newest products that come to market.

Our office and warehouse staff are just as dedicated in providing that service that sets the bar high. We ship all over the country, so inside sales provides the same level of service you would find right at home at your local parts store. And, with time tested and proven quality control and assurance protocols, they make sure that the right parts get to the right shops, at the right time.

CORE SERVICE FEATURES:

- Weekly and bi-weekly delivery to local business customers
- Free Shipping on orders over \$300 (excluding freight)
- Inventory Management Services for local service area to keep parts room stocked for you.
- Consignment services to help businesses house product without costly initial investment

BRAND SPOTLIGHT

HFC R-134a REFRIGERANT

Automotive service technicians depend on Freon™ 134a (R-134a) refrigerant, a non-ozone depleting hydrofluorocarbon (HFC) replacement for R-12. Freon™ 134a is the standard in many mobile air conditioning (AC) units.

PAG, ESTER OIL, & LUBRICANTS

TSI Supercool is a quality and solution-driven ISO 9001 certified manufacturer of specialty lubricants for a variety of industrial and automotive markets worldwide.

They design, formulate, test, blend, package, and distribute synthetic and semi-synthetic solutions using industry-leading materials and technologies.

LEAKFINDER®

AUTOMOTIVE LEAK DETECTION MADE SIMPLE

LeakFinder® products are the perfect solution for anyone working on a vehicle's total system, quickly and safely.

They offer the best delivery options and have specialty dyes for systems containing oil, fuel, transmission fluid, power steering fluid, coolant, and more.

AC1387

DELUXE A/C Line Repair Kit

COVERS
100s
OF VEHICLES

Make Instant Repairs To A/C Lines On Hundreds Of Vehicles

AC1387 Advantages:

- Repair damaged rubber and aluminum lines including pinholes, cracks, kinks and more
- On-the-car repairs made simple
- Make connections easily by hand; no specialty tools required
- Covers common line sizes including 3/8", 1/2", 5/8" and 3/4"
- Compression unions and line adapters designed specifically for A/C repair applications
- Conform to SAE J2064 specifications for low permeability
- Pressure rated up to 600 PSI

Fast, Long-Lasting A/C Repairs For High And Low Sides

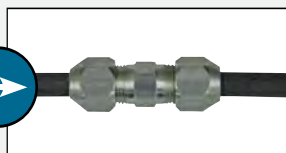

PROBLEM: Damaged A/C hose leaking at connection

PROBLEM SOLVED: With hose to compression union adapter

PROBLEM: Damaged A/C aluminum line

PROBLEM SOLVED: With compression union

**42 Pieces Plus
20' Hose**

Simple To Assemble

Repair lines in minutes.
It's as simple as 1, 2, 3!

1
Place clamps into clamp holder; insert onto hose

2
Push adapter into hose; crimp clamps with clamp pliers

3
Tighten compression union onto aluminum line

BRAKE PRODUCTS

BRAKE PAD LINES SUITED TO BEST FIT YOUR BUSINESS

USS Auto Parts carries a wide range of brake pads depending on your desired application and price point. From a standard service grade level to a full ceramic premium line, we can stock your shop with whatever brakes you need.

Available as a consignment service or as rolling change of your existing brake inventory, your shop can be stocked with 100 - 200+ different numbers. We can bring in an entire product line, or can narrow down to a specific application range depending on what you work on the most. By keeping brake pads in stock in your inventory, you can reduce turnaround times on brake changes, therefore keeping your customers happy.

We offer the manufacturer's warranty on all brake pad lines shown here. Contact your sales rep or the main office for more information specific to each Brake Pad product line.

GOOD

AMSTTM INTIMIDATOR Service Grade OE Brake Pads *OEM formulation pads without hardware kits*

- Dependable semi-metallic and ceramic formulas that provide smooth braking characteristics and strong rotor life.
- Engineered to dampen vibration, a rubber coated steel shim is attached to each pad.
- Piston clips, hold-down clips, and wear sensors are securely riveted onto all necessary applications.
- Matched to OE design, slots and chamfers are utilized for continued performance and noise-free braking.

**Contact your Sales Rep for more information on stocking these Brake Pads*

BETTER

Dash4[®] Optimizer OE Brake Pads *OEM formulation pads with hardware kits included*

- Exact Formulation for specific application
- Enhanced manufacturing technology
- Integrally molded with positive mold manufacturing process
- Superior quiet performance, clean braking and extended pad life
- Extended coverage for OE specific platforms and more
- 100% shimmed, Chamfered and slotted
- Multi-Layer Stainless steel shim for noise dampening
- Powder coated backing plates
- Hardware and sensors included per OE

**Contact your Sales Rep for more information on stocking these Brake Pads*

BEST

POWERSTOP® Evolution PLUS - Ceramic Disc Brake Pads

All Ceramic Brake Pad Kits With Hardware

The Z17 Evolution Plus product line combines our performance proven Z16 Evolution Ceramic pads with application specific brake hardware kits. Each hardware kit will include stainless steel abutment clips (where applicable), anti-rattle hardware clips, piston clips or bushings and sleeves as required for installation.

- Clean Ride Ceramic (Low Dust Formula)
- Noise Insulating Rubber Shim
- Thermal Scorched Ceramic
- Corrosion Resisting Backing Plate
- Premium Hardware Included

**Contact your Sales Rep for more information on stocking these Brake Pads*

POWERSTOP®

SPECIALTY BRAKE PADS

POWERSTOP® Severe Duty Carbon-Ceramic Brake Pads

Performance Carbon-Ceramic Brake Pads for Trucks & 4x4s

- Z36 Carbon-Fiber Ceramic formula offers extreme braking performance that is designed for trucks or 4x4s without sacrificing everyday drivability.
- Dust-free braking performance.
- Premium stainless steel shims provide better heat dissipation & virtually noise-free braking.
- Recommended if you tow a boat/trailer, drive through mountainous terrain, have lifted suspension or larger tire/wheel upgrades.
- Fade-free braking performance.
- Includes ceramic brake lubricant and premium stainless steel hardware kit.

PRODUCT SPOTLIGHT

Johnsen's® Ceramic Brake Caliper Grease Part #: 18J-2301

Johnsen's ceramic brake caliper lubricant is a non-melting lubricant formulated from synthetic oils and enhanced with ceramic powder to reduce noise. It is treated with anti-rust, oxidation, and anti-wear additives for protection from -50°F to 3,000°F. The ceramic powder reduces brake noise (NVH) by changing or damping noise vibrations.

USS AUTO PARTS CONSIGNMENT PROGRAM

What is Consignment?

Consignment is defined as: *the act of consigning the act of giving over another person or agent's charge, custody or care of any material or goods but retaining legal ownership until the material or goods are sold.*

How does USS Auto Parts, LLC use consignment? We offer several product lines, such as oil filters, air filters, and wiper blades available for consignment. Select products and part numbers can be stocked in your auto repair shop or quick lube. How does this help you? No more calling out and waiting for parts delivery; you have the product you need on hand, ready when you need it. Consignment is also a great way for new repair shops to have the working inventory they need to increase their sales without breaking the bank.

Consignment Services FAQ:

Q: How many of (product) would you put in my shop?

A: Since all shops are different both in size and vehicle specialties, we offer many different consignment setups depending on your needs. Contact your sales rep to learn more.

Q: When do I pay for consignment?

A: Product is only billed and paid for when you use it.

Q: Do I own the parts that are brought in on consignment?

A: No. All product stocked in a business that is under a consignment contract is property of USS Auto Parts, LLC.

Q: What happens if I no longer want consignment?

A: Consignment can be removed from your facility when requested. At that time, product will be counted to match the original consignment quantities delivered. Any product under the original consignment quantity will be billed to you. Any quantity over the original consignment amount is yours to keep.

Q: My business is located outside of North Carolina. Can I still get consignment in my shop?

A: No. Since consignment inventory is managed by a local sales rep, we can only offer this service to businesses located within our local service area.

FULL COVERAGE OIL FILTER PRODUCT LINE

**AN AMERICAN
BRAND SINCE 1923™**

Professional Grade Engine Protection

When it comes to protecting vehicles and drivers from dirt and debris, nothing gets by Purolator filters. Because nothing gets by their people. Since inventing the oil filter in 1923, they've been relentlessly perfecting oil, air, cabin air and fuel filters. With countless filtration patents, Purolator is trusted by technicians and DIYers alike to provide advanced filtration and protection. It's their mission to stay a step ahead of contaminants — safeguarding your engine, your fuel tank and even the air you breathe.

ECONOMICAL OIL FILTER PRODUCT LINE

ECOGARD®

OEM quality aftermarket supplied for most popular vehicle applications

With ECOGARD, you never have to compromise quality and performance to get superior value. Designed to enhance the installer's experience, ECOGARD oil filters are test-fitted to ensure trouble-free installation and performance. We lead the way with a complete range of environmentally friendly cartridge oil filters. And you can count on ECOGARD to get to market first with new filter applications.

ACDelco Original Equipment is the true OE parts installed during the production of GM vehicles. These maintenance, repair, powertrain and collision components are designed, engineered and tested to rigorous standards and are backed by GM. GM Genuine Parts and ACDelco are the true General Motors' Original Equipment parts for Chevrolet, Buick, GMC and Cadillac

Trying to find the right part for the job?

You can find the right lookup tool for almost any filter that you need for the brands that we carry on our website. With lookup tools brought to you by ShowMeTheParts.com, or by the manufacturer, ussautoparts.com will be the most up-to-date place to find the right filter you're looking for. Just look for "Parts Lookup" on the main menu at the top of any webpage.

TOYOTA

Genuine Toyota oil filters help protect your engine against dirt and other contaminants that can cause internal wear, while allowing adequate flow to internal engine components. These oil filters incorporate safety features like a bypass valve to help prevent restricted oil flow in the event of a clogged filter, and an anti-drain-back valve, which prevents oil from draining from the engine into the oil pan during cold starts.

FILTERS

**PREMIUM
GUARD**

FULL FILTER LINE
UP TO 95% MARKET COVERAGE!

OIL FILTERS

Developed and nurtured since 1996, Premium Guard offers a proven track record of success, quality, and market appeal. Our filters are manufactured to meet or exceed OEM performance, fit, form, and function. Premium Guard offers near complete application coverage oil filters.

Conventional Oil Filters

- Traditional oil change intervals of up to 5,000 miles.
- Optimal for use with conventional and synthetic blend motor oils
- Offers up to 96% initial efficiency

Extended Life Oil Filters

Precisely engineered for maximum oil flow and dirt holding capacity, Premium Guard Extended Life oil filters provide optimal engine performance and longevity as well as enhanced fuel economy. Utilizing synthetic resin media, our EX series offers up to 10,000 miles of engine protection with 99% efficiency over the life of the filter.

- 99% multi-pass efficiency removes particles as small as 25 microns
- 5mm thick steel cans (for spin-ons) withstand high pressure operating conditions
- Rough surface for enhanced grip provided by durable, powder-coated paint
- All spin-on filters are quipped with a relief valve to prevent oil starvation
- Base plate (spin-ons) made from galvanized steel
- Roll tap formed precision thread helps prevent fatigue due to vibration
- Silicone Gaskets (spin-on & cartridge) unaffected by extreme temperatures
- Silicone anti-drain back valve with high retention power for protection during start-ups

AIR FILTERS

As our flagship air filter brand, Premium Guard offers a full line of air filters with nearly complete coverage for late models as well as older models.

These air filters are built to the highest standard to deliver optimal dirt-holding capacity, filtering efficiency and maximum protection for your engine from harmful airborne contaminants.

- Optimal fuel burning and improved engine combustion boosts your vehicle's overall fuel economy
- Maximized flow of clean air into the engine enhances engine performance and power
- Affordable, direct to consumer prices
- Exceptional value without sacrificing performance
- Manufactured to meet or exceed OEM requirements
- OEM fitment ensures easy auto filter installation every time

CABIN AIR FILTERS

Particle Cabin Filters:

These filters keep dust and particles such as pollen, diesel soot, and tire dust away from the interior of the vehicle. Since it's important to achieve a high filtration performance in the space available, we have maximized the filtration area in our cabin filters without affecting the free flow of air into the passenger's cabin.

Activated Charcoal (C) Cabin Filters:

Activated charcoal cabin filters offer enhanced capabilities to ensure both clean air and a healthy cabin environment. Along with particle removal, it's empowered with an activated charcoal embedded in the media fibers. This aids in absorbing harmful gases such as nitrogen dioxide, fuels, and ozone. It also helps in eliminating odors resulting from mold or mildew buildup in the ventilation system.

FUEL FILTERS

Standard & Diesel Fuel Filters

Premium Guard Fuel filters offer a wide range of application coverage including a variety of designs and materials that matches OEM fit, form, and function.

- Plastic or Aluminum housing, depending on application
- Exact OEM fit
- Wide Fitment Range

TRANSMISSION FILTERS

TRUCK AND CAR FILTERS FOR SERVICEABLE TRANSMISSIONS

Our Premium Guard Brand Filters improve transmission performance by protecting sensitive shift control valves.

- Complete kits include filter and pan gasket
- Gasket material has fitted screw holes for easy installation

PRODUCT SPOTLIGHT

LUCAS Heavy Duty Oil Stabilizer

Lucas Products

32oz: 18L-10001
1 Gal: 18L-10002

Lucas Oil Stabilizer is a 100% petroleum product formulated to eliminate dry starts and reduce friction, heat and wear in any type of engine. It allows motor oils a higher degree of lubricity which reduces oil consumption and operating temperatures. Use Lucas Oil Stabilizer in gear oil to stop leaks, reduce operating temperatures and increase the life of the gear oil. Since it is pure petroleum, it can safely blend with all other automotive lubricants, even synthetics, ATF and mineral oil. It keeps old engines alive and new engines new.

BANDO BELTS

Bando manufacturing facilities are ISO-9001, TS16949 and ISO-14001 certified to enhance and reinforce the foundation of Bando's quality philosophy which focuses on the self-inspection system: zero defect quality is each technician's personal responsibility.

The result is a consistently uniform, high-quality product produced in a system that is geared to high efficiency and low cost keeping Bando USA competitive in the marketplace.

BANDO Rib-Ace Serpentine Belts

Trusted by the world's Top Automakers, Bando is OE on Domestic and Import nameplates.

V-ribbed belt is precision engineered for long life under severe operating conditions. Used on standard V-ribbed pulley and serpentine drives.

Features:

- Combines our OE technology and experience to offer an accessory drive belt that outperforms the competition.
- Extensive coverage for Domestic and Import applications.
- Flexible, oil and heat resistant backing extend belt life.
- Strong tensile cords carry high horsepower loads without stretching.
- Ground rubber ribs are compounded from high strength synthetic rubber for wear resistance and long life.

BANDO Power Flex-RPF V-Belts

BANDO's Molded notch design gives extra flexibility to reduce heat build-up and provide long belt life, especially on small pulleys.

Features:

- Oil and heat resistant rubber impregnated fabric is extra flexible to reduce heat build-up and prevent cracking
- Strong tensile cord is engineered and treated to carry high horsepower loads without stretching. Retains tension to reduce maintenance.
- Tough fiber reinforces rubber protects and stabilizes tensile cord.
- Molded notch design increases flexibility, so belt runs cooler and longer.

PRODUCT SPOTLIGHT

SUR&R Deluxe Transmission Line Repair Kit

Part#: 11-TR555

Replace or repair transmission oil cooler lines for most vehicles within minutes.

- Use to replace or make repairs on both 5/16" & 3/8" lines
- Convenient, all-in-one kit pays for itself in as little as one job
- Hundreds of domestic and foreign applications
- Perfect for damaged lines including rust, cracks, pinholes, and more
- Triple-walled rubber hose safe and durable; pressure rated up to 250 PSI/temperatures up to 350° F
- Immediate Part Availability, Easier to Install Than OE Lines

PROBLEM: Leaking transmission line connector

PROBLEM SOLVED: With quick connect and new transmission hose

Easy Assembly

1 Push on rubber hose to fitting

2 Crimp clamp

LIGHTING & ELECTRICAL

AUTOLITE COPPER CORE

- Copper core center electrode for higher thermal conductivity
- Specially engineered high nickel alloy center and ground electrode for extended life
- High alumina ceramic for high dielectric strength
- Leak proof, heat fused internal seal for durability
- Multi-rib insulator prevents flash-over

With Autolite spark plugs, we can make sure you have the ignition components you need on hand when you need them. Our lines of Autolite spark plugs carry the aftermarket applications that can provide up to 85% market coverage depending on which line you choose to stock in your shop. All three main lines carry their own 2 year limited warranty, ensuring you and your customers have peace of mind from a quality product.

Autolite

Contact your Sales Rep for more information on stocking this product in your shop.

AUTOLITE PLATINUM

- Platinum center wire firing tip for improved performance
- Super conductive Yttrium enhanced ground electrode provides superior heat transfer
- Full platinum tip assures virtually no gap erosion for longer plug life
- Leak proof, heat fused resistor for durability

AUTOLITE DOUBLE PLATINUM

- Platinum-to-platinum firing for superior durability
- Super conductive Yttrium enhanced ground electrode provides superior heat transfer
- Platinum enhanced high nickel alloy side electrode maintains precision gap
- Platinum tip assures virtually no gap erosion for longer plug life
- Maintains optimum performance and fuel economy longer

SHOP SUPPLIES

SHOP SUPPLIES TO KEEP YOU STOCKED UP

Here at USS Auto Parts, we know that not all shops are created equal. Every mechanic, parts supervisor, manager, and owner is different, and all have different needs and requirements to keep the shop running smoothly.

With this in mind, we have a wide selection of shop supplies to choose from; all with different applications and uses. From aerosol cleaners and lubricants, to abrasives and cutoff wheels, to hand cleaners and gloves, more than likely we have the supplies you need to get the job done fast.

DISPOSABLE GLOVES

GLOVEWORKS

GLOVEWORKS Disposable gloves (an AMMEX product) feature reusable level quality in a disposable glove. Raised Diamond Texture ensures an excellent grip, whether the gloves are wet or dry. The diamonds have 60% more surface area to better channel away liquids. Reversed texture on the inside helps air to circulate, keeping hands drier. We also offer smooth surfaced nitrile gloves for the times you don't need the extra grip.

Gloveworks HD Nitrile Gloves

Gloveworks HD nitrile gloves feature raised diamond texture for a grip that can't be beat, wet or dry. High-visibility color really stands out. Strong, durable, 8-mil premium gloves deliver excellent barrier protection.

- Industrial Nitrile
- High Visibility
- Raised Diamond Texture
- Powder Free
- 100 Count Box
- 10 Boxes/Case

SMART SENSOR ONE TPMS SYSTEM

From 31Inc.

ONE SENSOR **ONE** ONE SOLUTION

Combines 314.9 MHz, 315 MHz, & 433.92MHz All in ONE Sensor

- 95% Vehicle Application Coverage
- Reduces TPMS Service Time
- Reduces Inventory
- Truly Universal/Programmable Sensor
- Supports Future Vehicle Applications & Auto-Locate Technologies (WAL, PAL, LocSync)
- Manufactured & Tested to OE Specifications & Quality/Performance Standards

WIPER BLADES

Wiper Blades are one of most profitable service add-ons a shop can offer. More than that, they ensure an added measure of safety for your customer's vehicles and their peace of mind. We offer a wide range of wiper blades at various price points that can work best for you, and offer both Metal Arm and Beam Blades.

RAIN-X® WEATHERBEATER®

Sizes Available: 12,13,14,15,16,17,18,19,20,21,22,24,26,28

PRODUCT FEATURES

- Long Lasting Durability w/ Galvanized Steel Frame
- All Natural Squeegee Rubber - Resists cracking
- High Quality Traditional Blade Exceeds OEM Specs
- Quick and Easy to Install w/ J-Hook and Multi-Adapter

ANCO® 31 SERIES

Sizes Available: 12,13,14,15,16,17,18,19,20,21,22,24,26,28

PRODUCT FEATURES

- Vented Bridge and High Performance Polymer ensure OEM fit and function
- Proprietary KwikConnect® Installation System
- Duraklear Rubber Compound for Smooth, Quiet Operation

PYLON® POWERBLADE

Sizes Available: 11,12,13,14,15,16,17,18,19,20,21,22,24,26,28

Manufactured by Michelin, Pylon wiper blades feature stainless steel flexors for more consistent wiping, lateral stability, and all season performance.

PRODUCT FEATURES

- Pre-Installed Connector
 - All Metal Frame
 - Stainless Steel Flexors
 - Graphite Coated Rubber Blade for Smooth & Clean Wiping

TRICO® METAL ARM

Sizes Available: 11,13,15,16,17,18,19,20,21,22,24,26,28

The aerodynamic steel frame in TRICO® 30-series wiper blades delivers exceptional strength and durability and is engineered to wrap to curved windshields.

PRODUCT FEATURES

- Precision-Cut Rubber Edge Creates Superior Clean Windshield
- Pre-Attached Universal Adaptor fits 9mm Hook, 9x4 Hook, Side Lock, and Bayonet arms
- Available in Retail Packaging
- Engineered to Provide Better windshield Wrap

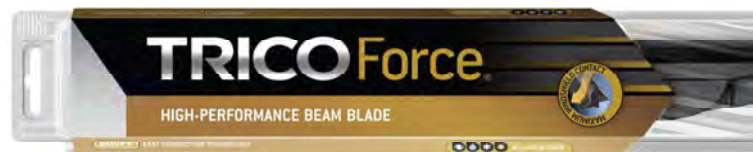

TRICO FORCE®

Sizes Available: 14,15,16,17,18,19,20,21,22,24,26,28

PRODUCT FEATURES

- VorTec® aerofoil converts wind force for maximum windshield contact
- HighGlide® treated rubber element for a smooth, clean and quiet performance
- Robust superstructure for durable all-weather performance
- SWIFT® Easy Connection makes changing wiper blades a breeze

BOSCH® CLEAR ADVANTAGE

Sizes Available: 13,15,16,17,18,19,20,21,22,24,26,28

PRODUCT FEATURES

- Patented beam design reduces exposed metal, resisting ice and snow build-up for all-weather performance
- Graphite treated wiping edge reduces friction for a quiet and smooth wipe in all seasons
- Easy installation with the Click-On™ adapter system

TRICO TECH®

Sizes Available: 15,16,17,18,19,20,21,22,24,26,28

PRODUCT FEATURES

- SWIFT® Easy Connection Technology offers quick and easy wiper replacement
- Memory Curve Steel® beam provides uniform pressure for the clearest wipe
- Tested to perform over 1.5 million cycles

RAIN-X® LONGITUDE™

Sizes Available: 14,15,16,17,18,19,20,21,22,24,26,28

PRODUCT FEATURES

- Industrial Grade T24.7™ Rubber
- Advanced Spring Beam Technology
- 3D Air Control System
- UNICLICK™ Adapter System - Up to 98% Coverage

CLEARPLUS® SIGNATURE SERIES®

Sizes Available: 14,16,17,18,19,20,21,22,24,26,28

PRODUCT FEATURES

- Chatter, streak and smear-free wiping in both directions
- Resistance to splitting and tearing due to road and weather conditions
- Quick and Easy installation system optimizes low profile
- Meets or exceeds all safety and durability standards

POLICIES & FAQ

Ordering & Delivery

Q: How often will you deliver to my shop?

A: Product Delivery and Ordering is done on a weekly or bi-weekly basis, depending on your location, services rendered, and the extent of inventory management services provided at your location.

Q: How do I get product delivered to my shop?

A: Our Sales Reps are responsible for both ordering of product and for delivery of ordered product. You will only have dealings with one Sales Rep in order to provide even more thorough service. In reference to the delivery schedule mentioned above, Sales Reps place orders of product and inventory needed when visiting your shop, and then deliver that order on the same day the following week, or week after the next, depending on your delivery schedule.

Q: I need a part or product ordered, but my Sales Rep hasn't arrived yet. What can I do?

A: Not a problem! All of our Sales Reps are easily accessible by phone or email. We can also set you up through our Dealer Portal to place your own orders and have access to your custom product pricing as negotiated with your Sales Rep.

Q: What areas do your Sales Reps deliver to?

A: Our Sales Reps deliver within a 2 hour radius of our main warehouse location located in Seagrove, North Carolina. If you are unsure whether you are located within this radius, please contact us.

Q: I don't live within your service area, and/or I don't live in North Carolina. Can I still order product from you?

A: Yes! Through our Dealer Portal, you can easily place orders for product you need, track those orders, use product lookup tools, and manage returns. You will also be able to connect with a dedicated Inside Sales Rep assigned to your account.

Payment Terms

USS Auto Parts, LLC company payment terms are COD (Collect On Delivery), to be paid in the form of Cash, Check, or Credit Card. Cash and Check payments can be received in person, and Credit Card payments by calling into our office with your card information: 336-879-5945.

Payment can be received in person by Sales Representatives or Sales Managers, Credit Card payments may be received by calling our office with credit card information, or by mail to our main office, located at: 410 Reeder Rd. Seagrove, NC 27341

Late Payments are subject to interest charges.

Checks returned for Non-Sufficient Funds will be subject to a \$25.00 fee.

Returns

Please reference www.ussautoparts.com/returns for the latest and up-to-date information on our product return policies.

Shipping

Shipment Processing Time

All orders are processed within 1-2 business days. Orders are not shipped or delivered on weekends or holidays.

If we are experiencing a high volume of orders, shipments may be delayed by a few days. Please allow additional days in transit for delivery. If there will be a significant delay in shipment of your order, we will contact you via email or telephone.

Shipping Rates & Delivery Estimates

Shipping charges for your order will be calculated and displayed at checkout. Depending on the final weight of your order, you may be responsible for freight charges. We will contact you before fulfillment if your order qualifies for freight

Shipment Method	Estimated Delivery Time
USPS Priority Mail	1-3 Business Days
UPS Ground Service	1-5 Business Days
UPS Next Day Air	1 Business Day

Shipment Confirmation & Order Tracking

You will receive a Shipment Confirmation email once your order has shipped containing your tracking number(s). The tracking number will be active within 24 hours.

Customs, Duties, and Taxes

USS Auto Parts, LLC is not responsible for any customs and taxes applied to your order. All fees imposed during or after shipping are the responsibility of the customer (tariffs, taxes, etc.).

Returns For Shipped Orders

If you do not already have a sales rep visiting you that can pick up the product to return, you can ship any unwanted items back to us AFTER return approval. To return product, you should mail your product to: USS Auto Parts, LLC, 410 Reeder Rd., Seagrove NC 27341, United States

You will be responsible for paying for your own shipping costs for returning your item. Shipping costs are non-refundable. If you receive a refund, the cost of the original shipping will be deducted from your refund. If you received free shipping on your order, no shipping costs will be deducted from your refund.

Depending on where you live, the time it may take for your exchanged product to reach you, may vary.

If you are shipping an item over \$75, you should consider using a trackable shipping service or purchasing shipping insurance. We don't guarantee that we will receive your returned item.

International Shipping

We currently do not ship outside the U.S.
